FIT TERRY'S SPRING WASHERS

—and then the product which leaves your factory "O.K." will continue to "HOLD TIGHT" at the screws and bolts—rattle-free, safe, a credit to you. No firm in the world knows better than Terry's (with their 80 years' spring-making experience) HOW to accomplish this permanent grip with Spring Washers. Tremendous stocks held of 15 different patterns in all sizes from 1/8" to 1". For safety, specify "Terry's"—they cost no more. May we send you our new Catalogue? HERBERT TERRY & SONS, LTD., REDDITCH. Famous for high-class springs and presswork since 1855.
