

ELTEX ARMOURED PAVING TILES

ELTEX ARMOURED PAVING TILES are the most permanent treatment for floor areas where ordinary paving does not last. The **ARMOURED** surface of **ELTEX TILES** provides a uniform and dustless paving of the utmost durability. The tiles are 12" x 12" and 9" x 9" and require a minimum thickness of 2" including bedding.

For trucking spaces, machine gangways, loading docks and all heavy duty areas, **ELTEX ARMOURED PAVING TILES** will banish flooring maintenance.

ELTEX ARMOURED PAVING TILES are supplied with detailed instructions for fixing or, for substantial areas, the manufacturers will be pleased to quote for supplying and fixing complete.

MAKE YOUR OWN TEST

The manufacturers of **ELTEX ARMOURED PAVING TILES** will supply sufficient tiles for a period test without obligation.

This world-famed stripper is guaranteed acid and alkali free, non-inflammable and non-injurious to eyes, skin or clothing. It works rapidly and thoroughly, strips down to the bare wood, metal or glass in one application, and, being non-volatile, does not dry up or leave a sediment. Usable to the last drop.

It has been used for many years and with entire satisfaction by the British Aircraft and Automobile Industries.

If you have not yet tested this time- and labour-saving product, please write to the Creators and Pioneers of Neutral Pain Removers in this and any other country:

QUICKSTRYP CHEMICAL CO. LTD.
20-22, Wilton Street, Bradford.
