Ratin scientists outwit rats' cunning

The natural cunning of rats and mice is their safeguard against attack and only means of survival. Ratin scientists, recognizing this fact, have produced a formula for effectively outwitting the rodents' crafty nature.

The outstanding success of the Ratin method of de-infestation has received nationwide acknowledgment. It is certainly a method which should be investigated by all owners of infested premises.

The British Ratin Company does not supply its formula for use by the general public; de-infestation can only be carried out by the Company's trained operatives.

The Ratin Service is available anywhere in Great Britain and Ireland.

The Service also deals effectively with beetles, cockroaches, and other insect pests. Fill in the coupon now.

RATIN SERVICE

First ALLAYS Suspicion-then DESTROYS Rats

TO THE BRITISH RATIN CO., LTD., FL.
125 Pall Mall, S.W.1. Telephone: Abbey 7650.
