

A pilot is shown in a cockpit, looking forward. A silhouette of a jet aircraft is positioned in the upper right, with a bright light beam extending from its tail towards the pilot. The cockpit interior is visible, including various instruments and controls.

**Tactical
and cost
advantage:**

the value of
partnership with
Smiths Industries
- a world force
in avionics.

A close-up shot of a pilot wearing a helmet and oxygen mask, looking directly at the camera from the cockpit.

SMITHS INDUSTRIES.
THE VALUE OF PARTNERSHIP.

Smiths Industries is helping the world's most advanced aircraft succeed tactically and financially. A commitment to innovation has resulted in significant operational and cost benefits for our military partners. Close working partnerships ensure that our solutions deliver the performance and potential our customers need.
