

Widen your horizons

A300-BAe146

TNT is a name that needs little introduction. Europe's market leader in international express distribution. We are the only European-based leading integrator and have the largest, most advanced dedicated express and cargo hub in Europe: the European Express Centre at Liège. Our fleet of 32 freighter jet aircraft (BAe146, B727 and A300) are serving daily, 42 European destinations.

The group's future airline, TNT Airways, will be operating under the Belgian flag, with the main base of operation at Liège Airport. The start up of this new leading cargo airline and its maintenance division will provide excellent employment opportunities for professional and highly motivated candidates.

Right now we are seeking **Captains, First Officers and Flight Engineers** for the A300B4 and **Captains and First Officers** for the BAe146 – people looking to make an impression from the very beginning. This is an excellent opportunity to contribute to building a world class operation in an expanding, competitive and demanding environment. A competitive package will be offered.

Successful candidates will hold a valid European ATPL license and meet the following requirements:

Captains	5000 TT	500 on type
First Officers	2500 TT	500 on type
Flight Engineers		500 on type/ equivalent

To apply, write with your CV, clearly stating the position for which you are applying, to: Flight Crew Recruitment, TNT International, Liège Airport, 4460 Grace-Hollogne, Belgium. Fax: 0032 4239 5299. E-mail: lgg-recruitment@tnt.com
