

CAYMAN ISLANDS GOVERNMENT

The Cayman Islands are a British Overseas Territory with a population of 36,000 and are located 450 miles south of Florida. The islands enjoy one of the highest standards of living in the Caribbean.

Applications are invited for the post of:

PILOT

Mosquito Research and Control Unit (MRCU)

The Mosquito Research and Control Unit is responsible for providing control of mosquitoes for the Cayman Islands. The postholder is required to carry out aerial mosquito control operation including liquid adulticide applications (usually operating after sunset) and granular larvicide operations. In addition the postholder will be required to undertake aerial treatment operations when required. Preference will be given to applicants with knowledge/experience of DGPS, ULV applications and granular metering units.

Qualifications and Experience: at a minimum applicants should possess:

- a professional ICAO Pilot's Licence acceptable to the Cayman Islands Civil Aviation Authority;
- 5,000 hours PIC, including at least 2,500 hours Agricultural (including night spraying); 500 hours Turbo Prop, preferably TPE331, and 20 hours S2R series aircraft.

TAX-FREE SALARY: US\$66,228 - US\$82,714 per annum

The appointment is on contract for two years in the first instance with an option to seek renewal. Benefits include air passages, baggage allowances and medical and dental care. In addition a Contracted Officers Supplement of 15% is paid with salary.

Application form, job description and recruitment notes are available from:

The Cayman Islands Government Office
6 Arlington Street
London SW1A 1RE
Telephone: 0171 491 7779

**DEADLINE FOR RECEIPT OF APPLICATIONS IS:
24 NOVEMBER, 1999**

MAINTENANCE MANAGER FOR MALDIVIAN AIR TAXI

Maldivian Air Taxi is operating 18 DHC-6 Twin Otter seaplanes, 1 Cessna 185 seaplane and 2 Bell 212 helicopters in one of the World's most beautiful spots - the Maldives.

Maldivian Air Taxi, which is celebrating its 6th year of successful tourist transfer operations, seeks an experienced Maintenance Manager to head the aircraft maintenance. The department consists of 28 staff, including engineers, mechanics, assistants and apprentices of different nationalities.

The Maintenance Manager's responsibilities are to ensure a high level of operational safety, efficiency and leadership in addition to a positive co-operation with the local and international aviation authorities. The Maintenance Manager is a member of the Company's management group.

In addition to basic engineering licenses, relevant type ratings and experience, we seek a candidate with documented international exposure and management skills.

We offer an attractive salary package including paid accommodation, yearly holiday travel and medical insurance. The contract would be 2 years renewable with a 3-month trial period.

All applications should include copies of licenses, a CV, a minimum of 2 independent references and date of possible relocation to Maldives and be sent before 15th November 1999 by courier mail, fax or e-mail to:

The Personnel Manager
MALDIVIAN AIR TAXI (Pte.) Ltd.
P.O. Box 2023, Male' International Airport
Republic of Maldives
Phone: +960 31 52 01 Fax: +960 31 52 03
e-mail: mat@mat.com.mv

Maldivian Air Taxi (Pte.) Ltd is a Maldivian Foreign Investment company, 100% owned by a Danish holding company. Total number of employees is 210 of different nationalities.

Do you make a difference?

The Aviation Recruitment Specialists

Resource Aviation Management is rapidly becoming the choice of many aerospace and aviation organisations when it comes to finding recruitment solutions.

We have specialists divisions within the group that focus on different aspects of the industry in order to fully understand its needs.

Our policy of continuous training and of recruiting individuals from a technical or commercial background ensures we have the mix of skills we feel necessary to deliver what we promise. Due to further growth we need more career minded individuals to train. Individuals who genuinely want to make a difference!

Ideally we would like to see details from graduate calibre individuals with some industry experience or enthusiasm.
