

The Piaggio P180 (left) and the Predator UAV (right) will be in the static park

Antonov's An-140 (far left) will be put through its paces in the flying display, but visitors will have to be content with ground views of the Merlin (centre left and above left) and the Dassault Falcon 2000 (below). But Boeing's C-17 (left) will fly

AIRCRAFT ON DISPLAY (AS AT 21 JUNE)

Aircraft	static/flying
Aero Vodochody L-159B	s/f
Aerostar MiG-21 Lancer	s
AgustaWestland Merlin HC3	s
AgustaWestland Super Lynx 100	s
