

# Flight Deck Opportunities

Emirates Airline has one of the most modern and rapidly growing fleets in the airline industry, operating the latest Airbus A330, Boeing 777 and soon to arrive A340. Aircraft orders valued at US\$26 billion have been placed, and this rapid growth requires us to employ experienced pilots. As a result Emirates offers an exceptional opportunity for prospective pilots to further their careers in Dubai, the tourism and lifestyle 'capital' of the region.

## Captains – A340/330

Limited opportunities exist for Captains on the A330/A340 Fleet. We are looking for pilots who are currently captains flying on the A340/A330 or other wide body aircraft. A background in training would also be advantageous. Applicants must be under the age of 56 at the time of joining.

## First Officers

We are seeking pilots type rated on the A340/330 or B777, but consideration will be given to pilots who have flown Airbus FBW or 744, 767, 757 and 737 EFIS/NG/BBJ aircraft. First Officers who are adaptable, self-motivated and can offer high experience levels (commensurate with age) may, if suitable, look forward to an accelerated career progression. Applicants must be under 49 years of age at the time of joining.

For details on the minimum hour requirements, list of benefits, including a tax free salary, and how to apply you must go to: [www.emiratesgroupcareers.com](http://www.emiratesgroupcareers.com).
