

# SWALLOW

**DO YOU KNOW OF ANY OTHER AEROPLANE OFFERING SUCH AMAZING SAFETY PLUS SUCH PERFORMANCE AND ECONOMY AS THIS . . . ?**

*Photo by courtesy of "Flight"*

**40** YARDS  
**TAKE OFF**

**25** M.P.H.  
**LANDING SPEED**

**110** M.P.H.  
**MAXIMUM SPEED**

**98** M.P.H.  
**CRUISING SPEED**

Quiet as well as quick, the "Swallow" is also incredibly SAFE. Neither flat turns nor stalls, nor a combination of the two, will put a "Swallow" into a spin. Even at speeds far below stalling speed (25 M.P.H.) the controls remain prompt and positive. Low landing speed and Dunlop Brakes make the "Swallow" easy to 'put down' in small areas, whilst the 40 yards take-off and rapid climb enable her to be flown out again as easily. Extraordinarily quiet. Ample room for luggage. Engine starter and Dual Control included.

Pobjoy Cataract II Engine, Folding Wings and Wheel Brakes. £725 complete.

NO EXTRAS REQUIRED.

Illustrated Folder sent on request.

**800** CLIMB  
FT. PER MIN. (FULLY LADEN)

**420** MILES  
RANGE

**ONE PENNY  
PER MILE**

**RUNNING COSTS**  
PETROL & OIL  
Consumption 4½gls. per hour
