Southern
Europe

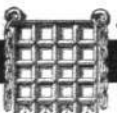

Seagers Gin is still made to the original and treasured Secret Recipe of 1805, a recipe that gives Seagers Gin its unique flavour and those beneficial qualities that have been famous for over 130 years. It contains the health-giving properties and fragrance of Juniper, Coriander, Orange-Peel, Angelica, Orris and Calamus—skilfully distilled with pure grain spirit, to an unrivalled perfection.

Juniper—choice purple berries, energising and stimulating in effect—comes from the hillsides of Southern Europe.
