

"We now see Operation Cockerel, an imaginary exercise exemplifying the sure control of SAUNDERS AERO VALVES as fitted to all British aircraft, here typified by the Westland Belvedere in which 17 (8 motorised) Saunders Valves are fitted."

- - in the Exhibition Tent a representative range of Saunders Aero Valves can be seen and their many applications discussed.

- Spherical Plug Valves
- Taper Plug Valves
- Gate Valves
- Non-Return Valves
- High Temperature and High Pressure Valves
- Special Fluid Valves
- Water and Beverage Valves and Taps
- Water Pumps
