

OXFORD AIR TRAINING SCHOOL SPECIAL SHORT COURSES

CPL and ATPL. Eight week Ground School Courses with programmed lectures and revision planned to finish weekend prior to CAA examinations. CPL examinations normally held at the School.

INSTRUMENT RATING. Simulator and flying training for I/R. CAA examiners resident at School. No waiting for tests. Latest contra-rotating Twin Comanches fitted with modern flight system type instrumentation.

THE ABOVE COURSES CAN BE
ATTENDED UNDER THE MOD
RESETTLEMENT SCHEME

Additionally, a complete ATPL study course is available either on a self-study basis or as a full correspondence course.

RAF PILOTS can claim refund on part of Correspondence Course fees.

PPL Training. Approved 35hr course, and training for additional endorsements: IMC, I/R, R/T Licence, Twin Rating, etc.

PPL I/R Correspondence Course. Specially designed postal course covering all aspects of CAA examinations for the PPL/IR. Alternatively three-week full-time courses for this examination. Both are "Recognised" by the Civil Aviation Authority.

Now available: "The Basic Flying Manual." A programmed learning/self-study manual that contains in one volume all the necessary technical information for the student undergoing PPL training.

FLYING INSTRUCTOR'S COURSES. Six-week Course for Assistant Instructor's Rating; 25 hours' flying, up to 80 hours lectures. Also special courses for additional endorsements or up-grading full Instructor's Rating.

CREDIT FACILITIES available for some courses through Spencer Aviation Limited. Details available from Registrar.

Our Registrar (Mr. Hayward) will be pleased to discuss and advise on your training and licensing requirements without any obligation to yourself. For appointment please write or telephone Kidlington 4321, extension 287.

The Oxford Air Training School is the largest in Europe. Since 1964 over 2,200 students have qualified there.

FAA Commercial pilot's licence + instrument rating

The practical training consists of approximately 55 hours dual instruction which can be completed in 22 days or less. The equipment is a fully equipped Cessna 182 Skyplane with transponder. An aircraft + our FAA Instructor are at your complete disposal throughout training. The inclusive course cost is £795. Luxury accommodation is available on the airfield. Double room with private bathroom £22 per week—dual occupancy £13 per week. This qualification is suited for use in the U.K. by those pilots not wishing to fly for "hire & reward" (particularly business pilots), but who nevertheless would like the assurance of the professionally trained pilot with airways privileges. Pre-requisite experience: 100 hours pilot-in-command including 5 hours at night and 50 hours cross-country—180 hours total time. We take care of all your arrangements. Call us today on 01-351 0870 (9 a.m. to 1 p.m.). We will accept the charges from anywhere in the U.K. or Irish Republic. Write to F. F. Holman, No. 7 Gertrude Street, London S.W.10.

INTERNATIONAL PILOT TRAINING

SANFORD AVIATION ACADEMY U.S.A.

To be a true Professional Pilot, you must be taught by Professional Pilot. Sanford Aviation Academy is among the finest in the world when it comes to civil flight training. Students come to SAA from all over the world to train in our Professional Course. In about 6-8 months, you will graduate as a Commercial Pilot, holding an Instrument rating, Multi-engine, Flight Instructor airplane and instruments, with Ground Instructor certificates. If you want jet training, it is also available.

If you are among those who want to be one of the best pilots anywhere, we will see you at Sanford Aviation Academy. Classes start every two weeks. FAA ratings: Complete Professional Course.
