

# Some Of Our Best Customers Are Taking Shots At Us.

**M**ilitary effectiveness is the result of realistic training. And Learjet provides the speed, stamina and sheer power to accurately simulate the air threat environment. Its versatile array of tow target and EW systems combined with low procurement cost, low operating cost, high reliability, flexibility, safety and near perfect dispatch rate make Learjet the aircraft of choice in a wide variety of special missions in 37 countries worldwide.

**F**or more than two decades, the world's military leaders have set their sights on Learjets. For information, contact Robert C. Williams, Vice President International Marketing at (316) 946-2450.
