**Services** scheduled, charter, domestic, passenger

**Shareholders** Sri Lanka Board of Investment

**Date established** October 1993

**Date operations started** 24 October, 1994

**Description** Privately owned charter operator.

**History** Launched in late 1994, this government approved project was 51% owned by a group of US based investors, Lionvert Inc USA. The remainder was owned by Sri Lankan concerns. The carrier was forced to cease operations for over one month, when political troubles led to a ban on domestic flights. Lionvert sold its stake in late 1997. At that time, the airline was seeking government approval to launch international services.
