Date established 6 January, 1926 **Date operations started** 1926

Description German flag carrier serving 301 destinations in Europe, North and South America,

Africa, the Middle East and Asia/Pacific regions, with an average of 1,700 daily departures. The carrier's main hubs are located in Frankfurt and Munich.

History Lufthansa was founded in Berlin in 1926, as a consolidated German airline. A reduced route network was maintained during the war until 1945 when the company went into liquidation. In 1953, Luftag was founded in Cologne and later renamed Lufthansa. This new German airline began operations in 1955, primarily with propeller aircraft, moving into jets in 1960.

In 1997, Lufthansa, Air Canada, SAS, Thai and United Airlines formed the Star Alliance global network. Later that year Lufthansa became a fully privatised airline.

Employees total 54,695 **Flightcrew** 12,281
