for the Safety of Air Navigation**

is looking for (m/f)

AIS AND AERONAUTICAL CHARTING EXPERTS (Ref. AO/019/FL)

AIS and Aeronautical Charting Experts (up to 3 posts) are required in the Agency's Headquarters in Brussels (Belgium) to develop operational concepts and requirements for AIS harmonisation and automation in Europe and new facilities for the management of aeronautical information, electronic charting displays and automated systems for chart production.

Expertise is required in the following areas: Aeronautical Information Services, aeronautical charting and related ICAO standards; project management, preferably in an ATIS/AIS environment; information management technologies; operational specifications related to automated systems; quality assurance methods; international consultations and negotiations.

An attractive salary, including social security and pension provisions, is offered. Initial appointment will be for a period of 5 years.

Application forms and further details may be obtained from EUROCONTROL, Recruitment Section, rue de la Fusée 96, B-1130 Brussels or <http://www.eurocontrol.be>. Fax: 32.2.729.90.70 and e-mail: recruitment@eurocontrol.be for enquiries only. Please quote the above reference number.

Completed application forms must reach the above address by 30.07.99 at the latest. Closing dates are strictly applied.
