APPOINTMENTS

WORLD AVIATION SUPPORT

World Aviation Support Limited has a number of career opportunities for experienced aviation personnel.

Quality Manager

Reporting to the General Manager, Aircraft Engineering, applicants must have previous experience in aircraft quality procedures, be conversant with JAR-145 and CAA/FAA requirements. A knowledge of ISO 9002 and auditing procedures would be desirable. Ideally you should also hold a CAA Licence - A&C or multi X.

Aircraft Engineers

A&C and Avionics Engineers are required to carry out line support on Boeing 737-300 Aircraft in the UK, Europe and the Middle East. Ideal candidates will have several years line experience and the ability to work unsupervised.

Quality Assurance Engineer

Reporting to the Quality Manager you will be responsible for undertaking audits on aircraft maintenance checks and compiling MOR engineering reports. Previous quality experience within a JAR facility is desirable, or UK Licence Cover A&C, or multi X.

For all of the above positions we can offer you a competitive salary, free life insurance, non contributory pension and travel industry benefits.

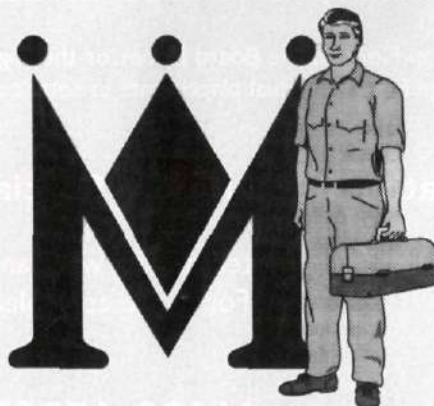

For further information please telephone Mr. P. Howell, General Manager, Aircraft Engineering on 01702 348601 or alternatively, send your CV to him at World Aviation Support Ltd., North Hangar, Aviation Way, Southend-on-Sea, Essex SS2 6UN.
