

Qantas is among the launch customers for the giant Airbus A380, with 12 examples on order

History Formerly known as Proteus Air System, it began scheduled services under the present name in May 1996, and signed a franchise agreement with Air France in August 1997. In October 1999, Proteus Airlines acquired Flandre Air. Both companies will merge to form one airline, the name of which is yet to be announced.

Services scheduled, charter, international, regional, domestic, passenger and cargo

Date established August 1972 **Date operations started** 1980

Description Diversified aviation company offering air cargo and charter services, maritime surveillance, remote sensing and environmental monitoring operations. Scheduled services within Newfoundland are offered through the company's Interprovincial division.

History Established as a flight training and charter operator. Scheduled airline operations commenced in 1980. In the 1980s the company developed its airborne maritime surveillance division, which operated until 1989 as Atlantic Airways. In 1988 acquired Eastern Flying Service, which had been founded in 1956 and which operated extensive air courier network throughout Atlantic Canada from bases in Halifax and Sydney, Nova Scotia. In 1995, Provincial created its Interprovincial Airlines division to carry on its scheduled airline operations and entered into a commercial agreement with Air Nova.
