BAE Systems is a truly global system, defence and aerospace company with unrivalled capability. We are dedicated to working together with our partners to become the benchmark for our industry, have an international customer base, good export markets and programme and customer support focus. We employ 120,000 people worldwide, have contracts in over 80 countries and annual sales of around £13 billion. We are dedicated to being the leading systems company, innovating for a safer world.

As an ongoing requirement for the servicing of the Al Yamamah contract, based in Saudi Arabia, we are actively looking for skilled and experienced personnel to join our existing expatriate team. Project Al Yamamah is Britain's largest defence export contract assisting the Royal Saudi Air Force to become self-sufficient.

We currently have vacancies for:

ADV WSO

minimum requirement of one tour on OCU

ADV Simulator Instructors

Pilot and Navigator - minimum requirement of one tour F3

Weapons Control Instructors/Operators

minimum requirement must have fighter control simulator operations experience

Mission Support Technicians

would suit Operations staff (mission plans experience desirable)

These challenging and rewarding roles require good communication skills and commitment and motivation. In return, you will enjoy an enhanced earnings salary, an excellent and comprehensive benefits package including free air conditioned, on compound accommodation, food and clothing together with medical cover, excellent recreational and leisure facilities, first class pension and return flights home during periods of leave.

We are committed to equal opportunities but as these positions are based in Saudi Arabia we are only able to consider male applicants.

Please apply to Stephen Flaherty, KSA Resourcing, BAE Systems, Building 386, Warton Aerodrome, Preston PR4 1AX. Tel: 01772 855261. Fax: 01772 852096. Email: stephen.flaherty@baesystems.com

For more information on Project Al Yamamah go to www.projectay.co.uk
